## 4.3 Resource Review

### 4.3.1 General

**4.3.1.1** For each successful application review, we carry out a resource review as per **F1.09** as indicated in **MAURITAS A8** and **A9**, that enables us to decide on the future line of action in terms of our policy and procedures, competence and availability of personnel suitable for the assessment activities and decision making.

**4.3.1.2** MAURITAS staff makes use of its respective assessor database when performing the resource review.

**4.3.1.3** Following resource review, MAURITAS will inform the CAB on its ability to carry out the assessment in a timely manner. Where the assessment cannot be carried out in a timely manner, this will be communicated to the CAB.

**4.3.1.4** In the event that MAURITAS does not operate a particular accreditation scheme or does not find the resources, locally and internationally, to carry out the assessment or for decision making, it will inform the CAB accordingly and will stop its accreditation process. It is not in the policy of MAURITAS to outsource assessments.
